SPOILS OF WAR DIVIDING ALLIES

Bulgaria and Greece Are Each
Claiming Salonika; Greece
Holds Three Roads

**BULGARIA IS BACKED BY
FOUR OF GREAT NATIONS**

Servian Troops Quit Montene-
gro in Scutari Struggle;
King's Yacht Captured

LONDON, April 11.—Internal strife among the Balkan allies was near to-day following a demand by Greece and Bulgaria for Salonika as spoils of war. International trouble is threatened as the result of division among the powers on demands made. Bulgaria made a formal demand for the city according to a news agency dispatch from Belgrade. Greece is concentrating three army divisions on the roads to the city. The triple alliance, Germany, Austria and Italy, favor the Bulgarian claims as compensation for the Bulgarian cession of Silistra and a strip of Bulgarian territory to Roumania. Russia and France favor the Greek claims. Great Britain it is believed stands with the triple alliance.

TROUBLE BETWEEN ALLIES IS MORE THAN POSSIBLE

VIENNA, April 11.—Dispatches from the front indicate that Bulgaria is taking steps to occupy the city and surrounding territory of Salonika as the first move in a plan to hold the city against the Greeks. Advices indicate that trouble between Bulgaria and Greece is more than possible. Dispatches from Cetinje say that a serious conflict was barely avoided when the Servians withdrew from Scutari leaving the Montenegrins to fight alone there. The Servians are returning to Belgrade rapidly.

Servia Quits Scutari Siege
CETTINJE, April 11.—The Servian troops which have been aiding the Montenegrins in the siege of Scutari, withdrew today and began their homeward march. This leaves Montenegro alone before Scutari, defying the orders of the powers that the siege be raised.

King's Yacht Captured
ANTIVARI, Montenegro, April 11.—King Nicholas' private yacht, Roumia, is the first vessel to be captured by the blockading squadron of the powers. It was caught this morning at the mouth of the Boyana river, attempting to convey three barges loaded with flour to the river landing.

STORM COVERED MANY SECTIONS IN MIDDLE WEST

CHICAGO, April 11.—A blizzard, the heaviest ever known in the middle west, swept on toward Chicago from Omaha last night. The storm originated in western Nebraska Wednesday night. Eighteen inches of snow was recorded before the blizzard passed on eastward. The storm, headed northwesterly, passed over Omaha last night. A snowfall of twelve inches was measured.

Railroad traffic was tied up. Every creek and river in the Missouri valley is running brim full of water from the melting snow. Residents of the valley farther down have been warned of the coming flood.

West Nebraska Gripped
LINCOLN, Neb., April 11.—A blizzard gripped most of the western half of Nebraska last night, piling snow drifts high and threatening for a time to stop all railway traffic. At midnight eighteen inches of snow was reported on the ground at Seneca, with the blizzard raging as far east as Ravenna.

Western Kansas is covered with a blanket of from two to five inches of snow.

Sioux City, Ia., Isolated
SIOUX CITY, Ia., April 11.—This city practically was cut off from the outside world yesterday by a record-breaking snow storm which broke down telegraph and telephone wires in all directions. The damage done to wires is placed at \$50,000. Street car traffic was completely tied up and railroad traffic delayed.

INDIAN STUDENTS GRADUATE
CARLISLE, Penn., April 11.—Fifteen Indians, from nearly as many tribes, graduated from the government Indian school recently. In place of orations and essays they gave illustrations of practical work taught at the government school.

2 U.S. Sailors Killed in Riot At Mazatlan

GUAYMAS, April 11.—John Keslow of San Francisco, and William Corrie of Los Angeles, sailors on the cruiser California, were killed and three of their mates were wounded in a street fight with the Mazatlan police.

The riot occurred Wednesday. Several of the Mexican police were wounded. The incident is being investigated by Admiral Cowles, who is aboard the California. Admiral Cowles sent a full report of the affair to the navy and state departments.

Men Were Probably Attacked
WASHINGTON, April 11.—A full report of the slaying of Keslow and Corrie, sailors on the cruiser California, now at Mazatlan, was received today by the navy department. The dispatch was sent by wireless via Point Loma. According to Admiral Cowles, the men were probably set upon by Mexicans and lost their lives protecting themselves.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Saturday;
light west winds.

Miss Wilson Popular

Figure at Richmond Y.W.C.A. Meet
RICHMOND, April 11.—Miss Jessie Wilson, who will be the principal speaker at tonight's session of the general meeting of the Y. W. C. A., is the center of attraction during the convention here and everywhere she goes is followed by great crowds.

Famous Bridge Used by

Washington to Be Rebuilt
PHILADELPHIA, April 11.—General Sullivan's bridge, which General Washington and his army used in passing over the Schuylkill river to winter quarters at Valley Forge, is to rise again in imperishable concrete. This was made certain at a meeting yesterday, at which \$250,000 was subscribed.

"Oregon" Should Lead World's

Navies in Panama Canal Opening
WASHINGTON, April 11.—A resolution by Representative Copely in the house yesterday provides that the battleship Oregon shall lead a parade of the navies of the world when the Panama canal is opened.

Washington, D. C., Schools

To Teach Civic Cleanliness
WASHINGTON, April 11.—Civic cleanliness is to be taught in the public schools of the capital as a result of the activities of a "clean city" committee of prominent citizens.

"Hello" Girls Promised

Annual Bonuses—Strike Called Off
BOSTON, April 11.—Following a long conference here, it was announced that the 2200 telephone girls will not strike. Instead of a raise in pay they will get a system of bonuses, providing for payments of from \$25 to \$100 annually.

MME. MONTESSORI MAY VISIT SCHOOLS OF LOS ANGELES

LOS ANGELES, April 11.—That Mme. Maria Montessori, one of the foremost educational authorities in the world, whose school is in Rome, may visit Los Angeles this fall for the purpose of studying its school system, was the news contained in a letter received yesterday by J. H. Francis, city superintendent of schools, from Miss Katherine Moore, a Los Angeles school teacher studying the Montessori system in Rome.

Mme. Montessori will be invited to visit the schools of Los Angeles and every endeavor will be made to render her visit a profitable and pleasant one.

Miss Moore, a kindergarten teacher of the Seventh street school, mortgaged her home at 1216 Soutous street to cover the expenses of a trip to Rome after she had taken a leave of absence for that purpose. When this announcement was made to the board of education yesterday by Superintendent Francis, the board immediately granted Miss Moore a three months' leave on full pay.

CALIFORNIA STOCK- MEN TO HAVE USE OF U. S. FOREST RANGE

WASHINGTON, April 11.—Secretary of Agriculture Houston has given orders for the relief of the situation in California caused by the shortage of pasturage. He directed the forest service that the land in the forests be used as far as possible for pasture and that the forest service do whatever could be done to help conditions.

Members of the California delegation for days have been receiving complaints by wire and letter of the scarcity of pasturage.

Congressman Stephens took the matter up with Secretary Houston a day or two ago. Other members saw him today.

GOV. JOHNSON'S CITIES HOPE-D-FOR LAWS SOUTHERLAND MEASURE

Executive Outlines Laws He
Looks for Legislature to
Pass During Session
Powers of Utilities Taken
From Them

CONSERVATION MEASURE PLACED FIRST ON LIST

Workmen's Compensation, Blue
Sky Law and Women's Min-
imum Wage Are Others

SACRAMENTO, April 11.—In the following statement to the United Press, Gov. Johnson made public the legislation he expects to see enacted during the present legislature.

(By Gov. Hiram Johnson.)
"I expect to see carried out every pledge made by our platform in 1912 just as we carried out every pledge of 1910. I trust the legislature to enact the following measures:
"1. The conservation bill for the preservation of state water power yet remaining.
"2. Workmen's compensation act, the general plan of which is outlined in the Boynton bill.
"3. The blue sky law for the protection of investors and the public.
"4. Non-partisan elections in counties.
"5. Civil service bill basing public service solely on merit.
"6. Minimum wage bill providing a living wage for women workers.
"7. Adequate weights and measures bill for the protection of honest business men and the public.
"8. The appointment of delegates to investigate the rural credit scheme.
"9. Mothers' pension bill.
"10. Immigration bill enabling the United States to do what wisdom dictates with immigrants coming on the opening of the Panama canal."

At the conclusion of an all afternoon debate over Caminetti's anti-union bill, the Senate voted a second time to deny passage to that particular piece of legislation. The final record showed eighteen votes for and twenty-two against.

Six Bills to Governor
Six bills were passed and sent to the governor, including Senator Bird-sall's measure appropriating \$3000 for the expenses of two delegates from California as members of the commission which is to investigate European systems of rural credit.

Jordan Investigation
Concurrent resolutions calling for a committee to investigate the charges of misconduct in the office of Secretary of State Jordan came from the rules committee of the Senate this morning. This in response to Jordan's own request for an investigation.

Under the resolutions ample power is given an investigating committee to investigate all acts of the secretary of state, his deputies and persons employed in the office. The investigation is to be held during this session.

An appropriation of \$3000 to come from the contingent fund of the Senate and Assembly is carried for investigating purposes. The resolution passed unanimously under suspension of the rules.

Loan Shark Bill
Senator Bryant introduced a bill this afternoon designed to protect wage-earners from "loan sharks" and salary brokers. It prohibits the assignment of wages by a husband without his wife's consent, and allows the wife to revoke a power of attorney given by her husband to collect his wages.

LINER LA FRANCE ARRIVES BEARING BODY OF J. P. MORGAN

NEW YORK, April 11.—The liner La France, bringing J. P. Morgan's body, passed Nantucket lightship at 4 o'clock this morning, and is expected to dock this afternoon. Morgan's sons went to meet the liner in a tender. The Morgan funeral will be held on Monday next.

The police will guard the casket on arrival. Thousands of dollars' worth of flowers filled the Morgan mansion today. All the surrounding streets are practically closed to traffic.

SING FAT STORE ROBBED OF JADE AND \$50 CASH

LOS ANGELES, April 11.—Entering through the window connecting with an adjoining store, burglars cut out a section of plate glass into the Sing Fat company's store early today and escaped with \$2000 worth of gold-mounted jade and \$50 cash. A night watchman was in the building while they worked.

ASSESSOR SLEEPER FINDS MANY EVIDENCES OF THE COUNTY'S RAPID GROWTH

Brea and Placentia Have Doubled up--
Scores of New Orchards, Mostly
Valencia

If anyone has any doubt but that Orange County is growing at a tremendous rate he ought to follow County Assessor Sleeper around for a few days. He would have to cover a good deal of territory in those few days, but he would find that Orange County from one end to the other is developing more rapidly than ever before in its history.

In proportion to their size, the new towns of Brea and Placentia have made the greatest showing, says the assessor. Brea is situated at the head of the La Habra Valley, and has not only the great oil fields about it but also a fine horticultural and agricultural section. The town was founded in August, 1911. There are now over 100 dwellings in Brea, and about forty-five of them were added in the last year. That is a gain of about 90 per cent in one year.

Placentia has added fifty-seven houses and places of business in the last year. That is, that number of new buildings will be assessed this year that were not in existence in March, 1912.

"Hundreds of acres of new orchards have been set out in the last year," said Assessor Sleeper. "Up around Olive, Richfield, Yorba Linda and through that country there has been a wonderful development in orchard lands. Out in the Garden Grove country and southwest of Anaheim are lots of new orchards. The pumping plants have revolutionized that section. We are finding a lot of new building going on at the beaches. Just at present there is some big building projects on hand at Balboa."

Today the assessor went to Laguna Beach. He will find a large number of new houses put up there in the last year, nearly all of them of the very best type of beach cottages and bungalows.

Some of the development of the last year that will show up biggest on the assessment rolls is the development in the oil fields. A number of new wells have been brought in, and the territory proven to be oil bearing has been greatly extended.

AUTOMOBILES AND MOTOR- CYCLES TO CARRY LIGHTS OR SUFFER PROSECUTION

Automobilists, beware. Likewise motorcyclists. The cop will get you if you don't watch out.

The particular subject under discussion just now is not speeding. It is lights.

As the result of a conference held this morning between Motorcyclists' Officer Davenport and District Attorney West, Davenport is going out on a campaign to compel automobilists and motorcyclists to obey the law requiring automobiles to carry two white lights in front and one red light to the rear, and motorcyclists to carry one white light, while in operation.

The particular reason for the campaign of law enforcement on that particular law is that lately a lot of people have been careless. Some of them think it not necessary to light up for a journey of a few blocks. Others returning home from the country conclude to run on home with lights off rather than stop to light up.

Those people stand in danger of arrest, commencing tonight. Davenport starts in on the job at dark tonight, and will be on the job right along. Davenport is employed by the city as a motorcycle officer, and many a speeder has visited City Recorder Wilson as the result of Davenport's work. Davenport is also a deputy sheriff, and it is as a deputy sheriff that he will start out making arrests of those who violate the state law. Those who are arrested by Davenport for failure to carry proper lights will have to appear before Justice Cox.

There has been some talk of beginning to arrest motor drivers who do not turn the street corners properly. The state law regulates how corners shall be turned, and prosecutions under that head would also go to the office of the justice of the peace.

Miguel Erreca Thinks Daughter Has Eloped

Miguel Erreca, one of the leading grain growers of the El Toro country, where he has a lease on the Moulton ranch, does not know but what his daughter, Miss Marceline Erreca, has stolen a march upon him. He is of the opinion that she has gone quietly away and married. This opinion is strengthened by the fact that a young man to whom Miss Erreca was supposed to be engaged has also quietly slipped away. On the other hand the rancher would not be at all surprised if the young woman should be found visiting at the home of friends in Los Angeles, oblivious to the stir that she has created in the Erreca family.

It seems that early in the week the rancher came into Santa Ana with the younger of his two daughters, left her, expecting that she would return home the next day, and himself went on to Los Angeles. Yesterday he returned to El Toro and learned that Miss Marceline had not returned home. The keys to the house had been mailed home by her, without a word of any kind written with them. Thinking it over, the parent remembered that his daughter's suit case did seem a little heavy when he lifted it into the rig.

Miss Marceline is an excellent young lady of about 22 years, and like many another young lady may have decided to get married without making a fuss about it.

POPE IMPROVING BUT HEART IS WEAK

Reported Disease Gripping
Pope Is Bright's Disease;
Pope Thinks For Others

ROME, April 11.—Continued improvement in the Pope's condition was noted today. His temperature and pulse are normal, although his heart is still weak. Vatican physicians say two months complete rest will totally restore the Pontiff to health.

Despite the Pope's improvement, it is learned on good authority that the doctors have done little to stop the progress of a disease resembling Bright's disease.

The Pope's sisters visited him today and they told him that the daughter of their janitor, on whom Dr. Amici, the Pope's physician operated yesterday, was probably dying. The Pope ordered Dr. Amici to visit her immediately.

MORE ARSON IN ENGLAND
LONDON, April 11.—Leaving a photograph of Mrs. Pankhurst tacked to the walls, suffragettes burned the Pavilion of the Turnbridge Cricket and Field Club.

PROGRESS IS SLOW ON TARIFF

Metal Schedule Calls for Sweep-
ing Reductions; Caucus to
Continue Next Week

MANUFACTURERS SEEK TO PROTECT INTERESTS

Plate Glass Men Active and
Sugar Men Busy—Caucus
Fails Amend Sugar Schedule

WASHINGTON, April 11.—The Democratic House caucus today discussed the metal schedule, which calls for a sweeping reduction in tariff. Thus far only 26 pages of the 217 pages of the tariff bill have been discussed. The caucus will probably continue through next week.

TARIFF BILL MAY BE CON- SIDERED IN ITS ENTIRETY

Sentiment in favor of passing a single tariff bill instead of discussing the various schedules seemed growing rapidly among the Democratic congressmen when they resumed their caucus yesterday to consider the bill. Agents of the great manufacturers are swarming to the capitol hoping to arouse sentiment against sweeping tariff reductions. A stubborn fight is being waged by plate glass manufacturers against glass reduction. It is also reported that certain congressmen have organized a letter-writing campaign protesting against sugar reductions, and asking the people to write their representatives to support Broussard's amendment to the sugar schedule. All efforts in caucus to amend the sugar schedule failed.

20 KILLED AS TRAIN IS WRECKED

Result of Rebel Attack; Villa's
Bandits Make Rich Haul
of Silver Bullion

MEXICO CITY, April 11.—Twenty people were killed when the Mexican Central train, fleeing from the rebels, jumped the track on a curve near Tula in the state of Hidalgo.

Train Robbed—Six Killed

CHIHUAHUA, April 11.—Pancho Villa and a rebel band held up a bullion train on the Mexican Northwestern near San Andreas, stealing 120 bars of silver valued at \$60,000 gold. Two express messengers, six trainmen, and passengers were killed in a fight when the robbers attempted to escape. Four of the robbers are believed to have been mortally wounded. Villa's men are generally believed to be rebels, but the federal authorities say they are bandits masquerading.

A relief train sent out found the express car riddled with bullets, one end dynamited and the strong boxes rifled. All cars on the train were wrecked. The passengers fled to the hills. The stolen bullion is the property of the Dolores mining company, an American corporation.

REBEL LEADERS DISAGREE BEFORE SIEGE OF NACO

NACO, Ariz., April 11.—Although a portion of the rebel forces under Colonels Calles and Bracamonte have withdrawn as the result of a dispute of the leaders with Gen. Obregon, the remainder of the rebels were drawing closer to Naco, Sonora, this morning. General Ojeda, commanding the Naco garrison, prepared to give battle. The rebels are equipped with additional cannon.

Firing between the outposts continued throughout the night, but it is not known if there were any casualties.

ONCE COLLEGE RUN- NER, WINS \$400,000 ARCHITECT'S FEE

NEW YORK, April 11.—Guy Lowell, a young man who used to hold the intercollegiate record in the mile run, hears that the new \$100,000,000 courthouse for New York county was to be built from his plans and under his superintendence. He will receive nearly \$400,000 as a fee.

Apricot Crop in the State Not Bumper One

The apricot crop report to date shows that there is no bumper crop for the state. This much is already certain. Frosts during the month of March have done considerable damage in different parts of the state, most severely in northern counties. The Santa Clara valley, the largest producer of apricots, has suffered from lack of rain, and some frost damage. Growers look for an exceptionally light crop. The Sacramento valley has suffered severely from

frost. Kings county will have but little. Redlands reports a good crop; Fillmore a normal crop; Escondido, one-third. Orange county will not have a bumper crop, although present prospects still favor a good crop. The weather has been very favorable, the bloom full and strong. Yet it appears that nature has accomplished all thinking that might have become necessary. The outlook is therefore for a good size of fruit and good quality.

Summing up for the state, it appears so far that the southern counties will have the good crop, and the northern counties the light crop, much as in 1911. We must, however, await further developments, and more detailed reports later on.

Almonds were hard hit, and in some sections the crop will be almost nothing. Early peaches also came in for great loss.

Members of the Orange County Dried Fruit Association will remember the annual meeting next Saturday at 2 p. m., at the packing house. Be ready to report crop conditions of your own and neighboring orchards.

J. G. BERNEIKE, M. D.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as a new prescription, othine—double strength—has been discovered that is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from Mateer's Drug Store, 104 West Fourth street, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Drive Sick Headaches Away
Sick headaches, sour, gassy stomach, indigestion, biliousness disappear quickly after you take Dr. King's New Life Pills. They purify the blood and put new life and vigor in the system. Try them and you will be well satisfied. Every pill brings every box guaranteed. Price 25c. Recommended by all druggists.—Advertisement.

AT THE COURTHOUSE

MAY 6 THE DAY FOR HEARING PROTESTS

County Clerk Mails Notices to 4289 Owners in Proposed Protection District

CITATION ISSUED TO GAS OFFICIALS

Judge West Calls Two Newport Men Into Court on Order to Show Cause

Today County Clerk Williams mailed 4289 letters, inclosed in which are notices of the setting of the hearing of the petition for the formation of the proposed Security Protection District. The date of the hearing is 10 o'clock, May 6, before the Board of Supervisors. At that time any person who has a protest to offer against including his land in the proposed district may be heard.

The proposed district takes in a large territory, including Anaheim and part of Fullerton and Garden Grove. The object of the district will be to establish a right-of-way channel for the Santa Ana river from Yorba to the north side of the Newbert Protection District, and to build dikes to keep the storm waters within the channel. The proceedings will go through without an election, this district being formed under a law different from the one under which the Newbert district was formed.

Will Is Filed
The will of A. A. Lee was filed for probate today, M. R. Lee of Anaheim, son of the deceased, being the petitioner. The estate, valued at \$1300, is to be divided between the son and his sister, Mrs. Loretta Nelson, of Great Falls, Mont., after \$100 is paid to Guy Nelson of Anaheim, a grandson of the deceased. Tipton & Cailor represent the petitioner.

Change of Name
The Horton-Eaton Co. has petitioned for permission to change its name to the Horton-Hemstock Co. Eaton has sold his interest in the company and Hemstock is now a stockholder. Clyde Bishop is attorney for the petitioner. The petition is set for hearing on May 16.

Want New Road
John Beneke has petitioned the supervisors for a new road in the Anaheim road district to run from the corner of Citron and Broad streets to the Ball road along Beneke's land.

Marriage License
George P. Irving, 29, of Santa Ana, and Mabel A. Robins, 19, of Los Angeles.

Officials Cited
Judge West has issued a citation to Robert Sackett, president, and J. J. Schnitzer, secretary of the West Coast Gas Co., to appear in the superior court on April 18 to show cause why certain money should not be applied to meet the judgment of about \$350 secured by Henry F. Leukfeld against the Home Gas & Electric Co. of Newport Beach and the West Coast Gas & Electric Co., both of which the West Coast Gas Co. has bought out. The money to be considered in the hearing is money owing by the two defendant companies to the West Coast Gas Co.

Answers Filed
Answers were filed today in two suits over oil lands brought by the Chino Land & Water Co. against John K. Chalmers and others and H. L. Moss and others, each suit concerning a quarter-section of land at the north edge of the county. The answers allege that the defendants have gained their title through claims filed under the mineral laws of the state.

Petition Filed
V. V. Sweet, with Hartwick & Hinds of Orange as attorneys, has petitioned for letters of administration under the will of William Meyer, who died in Root, N. Y., on April 17, 1911. The estate in this county consists of real estate at Orange worth \$1100.

SANTA ANA TEAM DEFEATED ANAHEIM

Bowling Match Last Night Proved to Be Much Closer Than Was Expected

In a contest played on the Alexandria alleys last night, the Santa Ana bowlers defeated an Anaheim team by a score of 2425 to 2379. The result was much closer than the local players expected. The Anaheim men have not been rolling much of late, and their lack of practice was counted on for a score lower than that produced.

The scores showed: Santa Ana—Connor, 571; Strange, 447; May, 471; McBurney, 441; Smith, 495; Anaheim—Vannette, 534; Wisser, 431; Fischer, 386; Scheidler, 456; Cowen, 572.

TEACHERS' BUREAU OPENED
WALLA WALLA, Wn., April 11.—To assist Whitman College graduates who have chosen school teaching as a profession and those who wish to take up such work, the college has a teachers' bureau, through which many graduates have found positions.

IN THE JUSTICE COURT

UNABLE TO GET THE GOODS ON THEM

Alleged Hold-Up Men Go From Justice Court Free—No Evidence Unearthed

HEAD SAYS BLUE CAN SHOW CLEAR

Arrest Followed Drunken Talk That They Had Part With Bill Davis in Robbery

For lack of evidence, the felony charges against Homer Carlisle and Harry Blue were this morning dismissed by Justice Cox. The action was taken on the request of Deputy Dist. Atty. Koepsel, who stated that there was not sufficient evidence to proceed against the men accused of having robbed Fred Dyckman's saloon at Anaheim on Jan. 19, 1912.

The two men were arrested in Los Angeles on March 18 of this year. The basis of their arrest was a conversation that occurred when the two men were intoxicated. They were overheard bragging that they were with Bill Davis when he piled off some job. Davis is the man who died of tuberculosis in the county jail soon after he was arrested on two charges, one the robbing of the State Bank of Newport Beach and the other the robbing of the Anaheim saloon. Three or four men were concerned in the beach robbery and three in the Anaheim hold-up. Bill Davis was easily identified as one of the three men who held up Dyckman in his saloon.

Carlisle and Blue were brought here, and numerous witnesses from Newport Beach and Anaheim were brought in to look them over. Identification was never made.

This morning, Attorney H. C. Head representing Blue, asked that the charge against Blue be dismissed. "I have been looking this case up for two weeks," said he, "and Blue is prepared to show just where he has been ever since he came to California."

Deputy Koepsel then made the motion to dismiss the case against both Blue and Carlisle for lack of evidence against them.

May Plead Guilty
Vicente Triana is seeking an opportunity to plead guilty to a charge of battery. He and Alberto Carrillo were in a disturbance case near Garden Grove, and while intoxicated Triana slashed Carrillo in the back. Triana's attorney, Green of Los Angeles, has sent word that Triana will plead guilty.

Warrant Issued
A warrant has been issued for the arrest of Frank W. Terry of Newport Beach, a man about 60 years old, on a charge of low conduct. H. W. Owen swore to the complaint.

Dr. Mabel Vance Tremain, osteopath. Hours 10 to 4. Residence phone Orange 366W4.

A "Texas Leaguer"
but it did the trick. Good it was a Cork Center. With the old style rubber center ball it would have gone only as far as the second baseman. The Cork Center is just that much better. Not too lively, but just enough to at least give the batter an "even break."

Don't be persuaded to take any but a Cork Center ball. It is the only kind the big leagues use—and they have to have the best. The present day game has outgrown the old style ball, and players must keep pace or become "Mr. Bushers."

ONE CENT A DAY FOR HEALTH

Every one has been interested in the wonderful work being done in Panama in the construction of the canal. Startling as have been the results of the work of the engineers and builders, the work of the Sanitary Department has been even more wonderful. In a region noted as the most unhealthful in the world, in which our predecessors, the French, were unable to succeed because they could not keep the workers alive, American army surgeons, by the use of scientific facts known to all, have succeeded in lowering the death-rate among American residents far below that of our most favored American communities. According to Colonel Gorgas, the chief sanitary officer of the Canal Zone, who recently discussed this question in The Journal of the American Medical Association, the death-rate for 1911 among 10,489 Americans was only 4.48 per thousand.

While this result has been mainly due to the control of yellow fever and malaria, and while it is true that the American population consisted of picked individuals, largely of educated men and women in the prime of life, yet even with all these conditions recognized, the record is a remarkable one, and is probably without a rival. And all this, says Colonel Gorgas, has been accomplished at an expense averaging one cent per day for each individual. If this result can be secured at this cost in the center of a tropical jungle, what would not a similar expenditure do for our American cities? One cent a day is what the average American pays for a daily newspaper. It is one-fifth the cost of one five-cent cigar. It is one-fifth the price of a daily street car ride. It is one-fifth the cost of admission to a moving picture show. It is one-fifth of what we pay for a glass of soda-water or a package of chewing gum. Who would say that the expenditure of this amount would be any burden to this rich and extravagant nation? And yet it is the cost of life itself. Is one cent a day too much to pay to protect the life and health of an American citizen?

DOING NICELY, THANK YOU

All over the country during the last few weeks, the Progressives have been driving additional spikes into the coffin of the big lie so persistently circulated by the Taftites last year, that the Progressive party was only a one-man movement, a mere "bolt" from the Republican party, undertaken for the sole purpose of defeating Taft for re-election and thereby gaining revenge for Colonel Roosevelt and some of his friends. In scores of cities and towns throughout the country, the Progressives have been holding conventions or caucuses and nominating city, village or township tickets for the spring elections.

This is an unaccountable line of activity for a mere group of "bolters" from the Republican ranks. If it was only a "bolt" that influenced them last year there would be no sense in their keeping it up after the defeat of Taft and his exit from public life; but these Progressives show every symptom of believing that they are a real political party, and, moreover, the results of their activities justify their belief.

Not only have they been busily nominating their tickets, but in a fair proportion of the elections already held they have won substantial victories. For instance, down in Mountville, West Virginia, they elected their candidate for mayor, Mr. S. K. Blair, to the intense surprise and disgust of the Republicans, who openly admitted when it was all over that if they had suspected such a possibility they would have voted for the Democrat just to beat the Progressive. Mr. Blair is a successful business man who has had no previous political experience.

Having surprised their opponents in Maine early in the month by electing the mayor at Auburn, the Progressives followed it up at a later election in Oldtown by winning a similar victory in the election of Charles G. Davis as mayor. Seven of the ten aldermen elected were Progressives. The Republican candidate was appropriately named Retire F. Rand.

At the annual village election in Angelica, N. Y., the Progressives astonished both of the old parties by electing their entire ticket.

In Richmond, Indiana, the Progressives were the first to organize. Several candidates have announced themselves for the Progressive nomination for mayor. The crushing defeat of the Republicans in Richmond last fall,

together with recent Democratic strife over the postoffice and other matters, has resulted in neither Democratic or Republican party nominating a city ticket. Mayor Zimmerman, who has served five terms in that office, will run as an independent against the Progressive nominee.

A special election is to be held in the 13th Congressional district in Massachusetts on April 15th, to fill the vacancy caused by the election of John W. Weeks to the United States senate in succession to Senator Crane. Norman H. White, of Brookline, the Progressive nominee, is making a vigorous campaign. Both the Republicans and the Democrats have nominated candidates, so that it is a three-cornered fight.

The Progressives of Monmouth county, New Jersey, at a recent meeting in Asbury Park, adopted a resolution to place a full county ticket in the field next fall.

There is going to be a red-hot campaign for the governorship of New Jersey next fall. Several leading Progressives are mentioned as candidates, including George L. Record, of Jersey City, Edmund B. Osborne, of Montclair, and former Governor Fort. There are numerous Democratic candidates also, but the Republicans are keeping mum so far.

APPEAL FOR LITERARY FUND

LONDON, April 11.—Lord Curzon has issued an appeal for the Royal Literary fund, which was established in 1790 for the assistance of authors and their families.

Too Late to Classify

W. A. HUFF

Pacific Coast News Letter

WASHINGTON, April 11.—Enactment of the seamen's bill, with its original clause requiring skilled crews on all vessels, and abolishing involuntary servitude, may be realized at the special session. Labor members of Congress are encouraged by Senator La Follette's vigorous defense of the measure, in his magazine for March 29, to believe that both houses will send it through.

The House passed the bill last summer without opposition. Senator La Follette is so powerful in the new Senate that his word seems likely to be sufficient to secure quick action there. President Wilson will sign the measure in its entirety, where Taft vetoed a mutilated version of the sailors' bill of rights.

When the California statesmen in Washington have nothing of more pressing interest for discussion they swap opinions as to whether Governor Hiram Johnson or Francis J. Heney or a Democrat will win the senatorial toga to be surrendered two years hence by George C. Perkins. The first popular election of a senator in the Golden State is already tearing loose old political ties. Friendships are strained; a new deal all around is predicted.

Senator Works, who does not aspire to re-election three years from now, will promote the Heney candidate for Johnson. Congressman Kent, leader in Progressive California politics, is expected to help Heney from the start. Congressmen Knowland, Kahn, Curry and Hayes, regular Republicans, are not yet ready to say whether they will have a third candidate at the primaries or will choose either Heney or Johnson as the lesser of two opponents. The representatives of the conservative press in Washington devote a good deal of hostile attention to Heney.

Since Congressman Raker has failed this far to secure a promise of the vacant federal judgeship in his state, he is looked upon as likely to try for the Democratic nomination for senator. The same ambition is cherished by several "original" Wilson men. Heney's friends promise that if Raker is nominated against their man the graft prosecutor will make a big raid into the Democratic vote.

Out of the confusion of tongues on the depleted Republican side of the Senate comes the lone voice of Poin-dexter of Washington, with the statement that he stands by the Progressive party. "No compromise; no retreat," is his word. "We are the foremost factor in national progressive politics, and we shall not dissolve."

Senator La Follette and his fellow independents remain in the Republican caucus while pledging their full legislative support to President Wilson's progressive program. The same policy of driving the Republicans to a friendly attitude toward Wilson is being developed in the House by Kent of California, with La Follette of Washington, Lenroot of Wisconsin and Anderson of Minnesota.

Yosemite Park's new superintendent, Major William Littlebrant, is about to arrive on the coast to take charge of the big playground. He is a former resident of Stockton, and is said to have a program of new ideas which will be developed with western energy when he gets familiar with his job. Major Forsythe, whom he succeeds, laid emphasis on upholding the authority of Uncle Sam. Major Littlebrant is said to be less concerned with the dignity of the army than with the popular enjoyment of the valley.

Guaranteed to Stop Itching at Once

Eczema, Rash, Tetter, Dandruff Disappear by Using Remarkable Zemo

Buy a 25c Bottle Today and Prove It.

That itching that drives you nearly wild, that keeps you awake in agony all night long, that scalp itching, will vanish instantly by using the new remedy ZEMO. It is guaranteed. ZEMO will surprise you as it has thousands of others by its results on fiery eczema, sores, rash, tetter, blotches, inflamed or irritated skin, pimples, rawness after shaving, all skin afflictions, sores, blotches, and itching scalp. It cures dandruff completely, since dandruff is nothing but eczema of the scalp.

ZEMO is wonderfully refreshing to the skin. It is a clean, antiseptic solution, not a paste, cream or ointment. The first application gives blessed relief. ZEMO has been imitated, but positively never equalled.

"It is impossible for me to do justice in recommending ZEMO, because words cannot express its wonderful achievements."—R. A. Stierlin, Supt. Electrotype Dept., Sanders Engraving Co., St. Louis, Mo.

ZEMO is sold in 25c sealed bottles and guaranteed in Santa Ana by Mat-teer's Drug Store.

WATER WILL NOT BE IN CANAL TILL OCTOBER FIRST

WASHINGTON, April 11.—Water will not be let into Culebra cut of the Panama canal before October 1 of this year, according to the latest estimates received by the Isthmian canal commission here.

It is now estimated that the steam shovels will be able to remove about five million cubic yards of material between now and October 1. This leaves 2,500,000 cubic yards of earth to be removed by dredges after water has been turned into the cut. Slides are likely to increase this amount, but it is not expected the increase will delay the turning in of the water.

All but about eight thousand lineal feet of the cut, which is nine miles long, have been dug down to final grade in at least a part of the full width.

—Big "Removal Sale" on by the Santa Ana Furniture Co., successors to Liebig & Johnson. Fine stock of new goods. Come early.

TORPEDO BOAT DESTROYER STEWART'S TORPEDO SCORE

SAN DIEGO, April 11.—The United States torpedo boat destroyer Stewart, Lieut. Henry E. Shomer, commanding, made a torpedo score in its torpedo battle practice for 1913 Wednesday night when, at a range of 2000 yards, while steaming at the rate of twenty knots an hour, the ship's gun pointers made three hits in as many shots. The target was two whale boats, anchored approximately 350 feet apart.

The Stewart also excelled in firing with the 3-inch and six-pounders and, it is believed, has an excellent chance of winning the gunnery trophy for 1913.

CHICAGO RAILWAYS

CHICAGO, April 11.—Chicago Railways' March earnings increased \$173,000, or nearly 13 per cent. The company now carries almost as many passengers daily as the entire population of Chicago.

Great Gifts For the University Hospital

UNIVERSITY OF CALIFORNIA, April 11.—Gifts of \$400,000 have just been assured to the University of California, to build and equip new departments of the University Hospital, in San Francisco. Other large gifts are in prospect, also toward a great modern hospital adequate for the teaching work of the medical department and its bedside and laboratory investigations as to the causes, prevention, and cure of disease.

These hospital gifts mean a long stride forward. They follow close upon the recent appointment of Dr. Herbert Moffitt, eminent as an authority in internal medicine and as a medical consultant, to be Dean of the medical department. These events will hasten the realization of what the board of regents has declared its definite purpose—the establishment of a medical school of the highest standard.

Too many young men have been studying medicine in the United States. The medical schools have ground out physicians too fast. But the supply of thoroughly trained physicians has been very scanty. Physicians armed with all the knowledge and skill of modern science can give the sort the University of California wants to give to the community. To this end, the regents some years ago raised greatly the requirements for admission and established the first two years of the medical department on an academic basis—all instruction being given by men whose whole time is devoted to teaching and scientific research and who refrain from the private practice of medicine.

Now the regents are putting on an academic basis the clinical years also—the last two years of the course, during which the medical students are taught at the bedside of the patient, in the operating room, and in the free dispensary, where more than 1200 patients are treated every month.

This practical training in the care of the sick is being given in the present University hospital by three chief departments—medicine, surgery, and the diseases of women. The new university hospital is to be built adjoining the present seventy-bed University hospital, which is one of the "Affiliated College" buildings, high up on Parnassus avenue, San Francisco, overlooking Golden Gate Park. The new building is planned to consist of four units, each of forty or fifty beds. Money already given will provide wards for medicine and for children's diseases. Other benefactions hoped for would provide the wards for surgery and for maternity cases and the diseases of women.

Tropical diseases and disorders of the mind are two other fields of work which represent a great opportunity for beneficence. In the whole United States there is not a single institution really prepared to train physicians thoroughly for service in the tropics. Most European countries have such schools of tropical medicine. San Francisco is eminently the place where this work should be done for America. Since through the Golden Gate comes ships from the South Seas, the Philippines, South America and Central America, Japan,

Doings In Social and Club Circles

ENJOYABLE MUSICAL

Artistic Program Rendered In Social Atmosphere of Friendly Informality

Mrs. Theodore A. Winbigler has been hostess either individually or jointly in a series of delightful social affairs recently, two of the functions being charming luncheons at which she entertained with her mother, Mrs. I. D. Mills, the other an evening party for over sixty people.

The last one of the series was a musical given last night, Mrs. Winbigler entertaining with her husband. Over seventy guests enjoyed the event, which was most successfully arranged. The handsome living room and reception hall were decorated for the occasion with beautiful pink roses, many of these being gifts from close friends interested in the pretty affair. Conspicuous among these gracious offerings were some exquisite Cherokee roses of glowing pink. Pink carnations were used in the dining room, which was artistically arranged of small tables where the two course collation was served at the conclusion of the musical program. The tables had unique centerpieces—small baskets in pink tied with fluffy bows of pink gauze ribbon. The pink color scheme was carried through the table appointments and refreshments. A fragrant carnation lent a poetic motif to each of the individual feasts.

The Euterpean Quartette of Los Angeles, with J. P. Dupuy, the well known tenor and music leader, directing, rendered a program that was of artistic merit, yet not too classical to go beyond the appeal for melody rather than vocal pyrotechnics. Mr. Dupuy was in most favorable voice and his tenor solos were enthusiastically appreciated. Baritone solos rendered by one member of the quartette whose name is forgotten just at writing, were very beautiful, while the ensemble work of the quartette was delightful. Mrs. A. J. Padgham as the accompanist for the soloists gave brilliant support to the singers. The social feature of the musical was undeniably enjoyable, the ample rooms affording comfortable seating capacity, and the atmosphere of the affair being sufficiently informal to warrant friendly enjoyment of the intervals between the musical numbers. Mr. and Mrs. Winbigler received the congratulations of their guests for the artistic and social successes of the evening.

Mrs. Winbigler had a number of charming young girls to assist her in serving. The bevy of girls included Misses Linna Yarnell, Rhea Shaul, Isabel Jayne and Elma Cooley. She also had the efficient assistance of her son, Ernest Winbigler, and his friend, Lester Tubbs.

At the Ruddock Home
Mrs. Chas. E. Ruddock gave a very charming Kensington party yesterday afternoon at the South Birch street residence of the Ruddocks, assisted by two attractive young ladies, Miss Nellie Bacon and Miss Edith Wells. Mrs. Ruddock's hospitality was delightful. The house was made attractive for the occasion by the use of those pretty flowers that have the unpoetical name of Onions' Eyes but which are beautiful nevertheless, yellow daisies and the feathery asparagus plumosus.

There were two lively guessing contests for the amusement of the company, varying the dainty needlework with which each lady busied herself during the intervals. In one of these contests Mrs. H. H. Reeves proved to be the most successful in guessing, winning high score prize, with the consolation trophy going to Mrs. Verne Whitson.

Delicious refreshments were served after the various diversions, the hostess and her assistants looking after the comfort of the twenty ladies who comprised the company.

Attractive Recital Tonight
A musical treat is offered the people of Santa Ana tonight in the recital to be given at the First Presbyterian church at 7:30 o'clock. At this recital the Mesdames Mand and Edith McDonald, who have an enviable reputation in their home state as accomplished and pleasing vocalists, will appear in vocal numbers. Clarence A. Gustlin will give instrumental numbers, an announcement

HOW WOMEN CAN AID IN MAKING THE PURE FOOD LAW USEFUL

In the April Woman's Home Companion John Phillips Street, Pure Food Commissioner of Connecticut, writes a very interesting message to women, an extract from which follows: "There seems to be a general impression that the pure food law prevents the manufacture and sale of impure food. This, unfortunately, is not so. The law simply makes it possible for us to tell the pure from the impure."

"The manufacturers obey the law, but some of them obey only the letter of the law. Your part is to make the law useful, to protect your stomach and your pocketbook by reading the labels which the pure food law compels the manufacturers to paste on their products."

"This is not so simple as it sounds. Manufacturers often try to beguile the consumer by using complicated labels filled with long scientific terms, or by employing tricks of punctuation and printing. The housewife who can see through these tricks and correctly interpret these labels will always receive the worth of her money."

"Adulterated food is not necessarily injurious to the health, but it is to the family purse. Any adulterated food product, properly labeled, may be placed on the market, provided that the adulterant employed is not deleterious. Pure food needs no label. An impure food often needs much explanatory data to make its sale legal. The more explanation a label carries, the more watchful and wary the housewife should be in examining it."

"It is the province of each housewife to decide whether she wishes such adulterants served on her table as a matter of economy. But it is ridiculous for her to pay for such adulterated food as much, or almost as much, as she would pay for a pure and wholesome article."

which in itself will attract a large number of people to the recital. Mr. Gustlin's playing is universally admired as well as enjoyed.

The Mesdames McDonald have already been heard with pleasure in Santa Ana and those who have heard them once will be glad to hear them again.

Coming Social Events
Among the social events scheduled for the latter part of the month are parties to be given by Mrs. J. W. Bishop, who has cards out for an evening whist party on April 25, and Mesdames W. L. Grubb and Russell Scott, who will entertain with an afternoon function at the Armory on April 24.

Present C. of C. With Flowers
The Chamber of Commerce was today presented with some beautiful roses by Mrs. W. J. Wells, and white lilies by Mrs. R. H. McArthur.

Merry Go-Rounds Club
The Merry-Go-Rounds spent a delightful afternoon at the home of Mrs. F. N. Cover of Ross street. Mrs. Guy Graves, Mr. and Mrs. Maganety were guests.

Rustic baskets filled with wild mustard and golden poppies were used as decorations, harmonizing beautifully with the soft browns of the Coyer bungalow. The ladies were asked to put aside their fancy work and try their skill in embroidering a dog from memory on linen, which afforded a great deal of amusement. Mrs. Patterson won a statuette of a dog for the best work, while Mrs. Ford was consoled with the embroidered dogs tied in book form.

Dainty refreshments were served by the hostess, after which the club adjourned to meet with Mrs. Ford April 25th.

Special prices on Corsets Saturday at Mrs. Cavins, 408 North Main St.

INFORMAL DINNER

H. H. Reeves Home Meeting Place of Congenial Friends at Mid-day Repast

Mr. and Mrs. H. H. Reeves entertained Wednesday with a noon dinner for a dozen guests. The table was daintily appointed and decked with Ragged Robin roses, a bouquet of these attractive flowers being the centerpiece while petals of the roses and sprays of fern were lightly scattered over the table.

Mrs. Reeves was assisted in her duties as hostess by her niece, Miss Mary Horton, and those for whom covers were laid were Rex, and Mrs. O. S. Russell, Dr. DeWolf and wife, Mr. and Mrs. John S. Runyan, Mr. and Mrs. Hall, Mr. and Mrs. C. F. Crose, Mr. and Mrs. Geo. Balderston.

The guests spent the afternoon at the Reeves home visiting in an informal way, Mr. and Mrs. Reeves being admirably adapted to entertaining their friends in just such a way as to make them feel thoroughly comfortable and at home.

Mr. and Mrs. Runyan and Mr. and Mrs. Hall reside on Birch street and are comparatively newcomers here. They have established themselves in beautiful homes in their chosen locality. Mrs. Runyan and Mrs. Hall are sisters.

Shower for Miss Lytts
A shower for Miss Anna Lytts, who is soon to be wedded to John W. Maag of Orange, was given by the sister of her betrothed on Wednesday evening.

A large number of Santa Ana guests were present, Miss Lytts being a resident of this city. The home was decorated with vases of flowers and beautiful gifts were displayed as the result of the shower. Dainty refreshments were served after guessing games.

Miss Mercedes Ciecielski was present and sang beautifully.

Personals

Mr. and Mrs. J. H. Rew of Worthington, Minn., are in the city visiting their old friends, Mr. and Mrs. J. E. "Holtson." They have been spending the winter in Southern California, and are considering locating here permanently.

Mr. Manning left yesterday via the Santa Fe for Gallup, New Mexico.

Mr. and Mrs. Quandt and family left yesterday for Tulare, Cal., where they will reside in the future.

Geo. Wallahan and wife, of Denver, Colo., have been visiting for the past few days at the home of the A. J. Coles on North Baker street. Mr. Wallahan was night editor of the Denver Republican for the last ten years. The party went to Balboa yesterday afternoon.

E. P. Brooks, formerly in the furniture business in Santa Ana, where the Horton-Spurgeon Co. is now located, is here for a few days on business. Mr. Brooks is now living in Los Angeles, and reports that Mrs. Brooks is not in good health.

Mrs. Douglass and Miss Julia Douglass of Detroit, Michigan, who arrived in Santa Ana about a month ago and are occupying their cottage on West Sixth street, went to Los Angeles yesterday to see their friend, Miss Sarah Eddy, who is critically ill with heart trouble.

A. H. Stutsman and family of Tustin enjoyed a visit from Mr. and Mrs. Ade Stutsman and little daughter, Marion, the early part of the week. The young people took Mrs. Stutsman, Sr., back with them for a visit at their Los Angeles home.

Mrs. Henry Coad and daughters, Misses Grace and Maude, of Danville, Iowa, who have been sojourning in this city for the past six months, have gone to Long Beach for a stay of a week or so. Later they will return here to complete their visit to Mrs. Coad's daughters, Mrs. I. L. Marchant of Tustin, and Mrs. Ed. Seaton of this city, before starting for their home in the Hawkeye State. The Coads found many friends among the Iowans residing in this vicinity who hope the present plan of these good people to come here to make their home will materialize.

W. C. Jerome left today for Heber, Imperial county, to be gone three or four days. He and his brother own a 160-acre alfalfa ranch there.

Gilbert's Special Trimmed Hats for Saturday Selling—50 hats, special for Saturday at \$5.00, \$7.50 and \$10.00. You never saw prettier hats at these special prices. Ready, too, with Straw Hats, Summer Shirts, light weight Underwear.

Vandermast & Son

Always Reliable.

HOLDING CONFERENCE WITH P. E. OFFICIALS

This afternoon a conference is being held at the city hall between Paul Shoup, president, and J. McMillan, general manager of the Pacific Electric, and a number of Santa Ana officials and representatives of the Chamber of Commerce and M. & M. The discussion of a proposed franchise for a spur track from the electric line to the S. P. on North Main street is expected to come up.

NOTICE TO THE PUBLIC

The Santa Ana Furniture Co., successors to the firm of Liebig & Johnson, announces today a removal sale preparatory to their removal of the store to their new location, corner of Third and Main streets.

We, the former owners, take pleasure in stating that we have the highest confidence in the business integrity of the new owners and we most cheerfully commend them to our friends and patrons. Every statement made in advertising their removal sale has our endorsement, as we know that every promise made will be fulfilled to the letter. The purpose of the sale is to dispose of as many goods as possible before moving and every reduction in price will be found exactly as advertised.

We will each of us remain with the new firm for some time, to assist them in this sale and in moving their stock and arranging it in the new store. We will be glad to welcome our old customers during this sale, and can assure them the same courteous treatment as heretofore.

TEACH BOYS TO CARE FOR AND PRESS OWN CLOTHES

To keep the coats and other wear from wrinkling, be sure to have plenty of hangers, which may be had very cheaply, two for 5 cents, at many stores; but it pays to get good ones. To remove the dust, keep a small can or raton beater, and whip them thoroughly; then lay the garment out smoothly on a table and with a hard bristle brush for mud spots, and a soft brush for ordinary use, go over the garment thoroughly until all mud and dust is removed. If the garment could be hung in the hot sun for a few hours before doing this, it would make the cleaning easier. Begin at the top of the garment and brush down.

If the elbows and knees of the pants are baggy and out of shape, lay a damp cloth on them and fold them up for an hour or two; then lay them on the ironing board, or slip a board used for the purpose inside, smooth with the palm of the hand until they lie flat; cover with a cloth and press with a hot iron until dry. Do not iron the garment, but press it; there is a difference. If the collars and elbows are shiny, sponge with a damp cloth and press until dry. If boys were taught to care for their clothes while at home, instead of leaving it for mother or sister, they would find the expense of looking well dressed much lessened when they are thrown on their own resources away from home.—Commoner.

Novel Clothes Closet
Having no spare closet in my bedroom and no clothes closet, I made a long, narrow box, screwed plenty of hooks into the bottom of it, two screw eyes at the top, fastened two strong hooks into the wall at the proper distance apart and hung the shelves from these hooks. A curtain to match the other furnishings of the room was fastened to the upper part of the box, writes a Farm and Fireside contributor. I find the shelf very convenient for furs, caps, scarfs, etc. It can be easily removed or the curtain thrown aside for frequent airings.

DIRECTORS CHOSEN BY THE ASSOCIATION

Orange News: The Merchants and Manufacturers' Association held its annual meeting last evening at the city hall. The calendar proposition was discussed, and a committee consisting of E. B. Peers, J. P. Boring and G. C. Woods was appointed to interview merchants in regard to the 1914 calendar.

The election of directors resulted in the selection of the following for the ensuing year: E. B. Peers, G. C. Woods, A. Huhn, W. O. Hart, F. L. Moore, M. Eltiste and J. P. Boring. The affairs of the local realty board, which was recently organized by the real estate men, are now in working order. The board organized April 1st, electing the following officers: J. L. Birnbaum, president; E. K. Weiss, secretary; W. M. Whitney, treasurer.

The Orange Realty Board was organized to handle the problems of the local real estate men and also for the bonding and advancement of the city of Orange.

Last Lecture of Socialist Lyceum Course

The last lecture of the Socialist Lyceum Course will be delivered by George W. Boswell at Fraternal Brotherhood hall Saturday night. An editor of a labor paper, Mr. Boswell has successfully fought for the interests he represents in his district in Missouri, and has built up a paper that is a power among the circle of its readers.

—Big "Removal Sale" on by the Santa Ana Furniture Co., successor to Liebig & Johnson. Fine stock of new goods. Come early.

BORN

PLANCHON—Near Talbert, Tuesday night, April 8, 1913, to Mr. and Mrs. F. B. Planchon, an eight-pound daughter.

"Oases of the Orient"

BY DR. G. L. McLAUGHLIN

At the First M. E. Church
Friday Evening, April 11th

at 8 o'clock. Under the auspices of the Epworth League.

Admission Free. A Silver Offering will be accepted.

VAN CLEAVE RECEIVES CUT UNDER THE EYE

L. W. Van Cleave, proprietor of the Rossmore Barber Shop, while on a bicycle was watching two automobiles approaching the corner of Fourth and Broadway. It was a close shave for the automobiles, but resulted more disastrously for Van Cleave than it did for them, for Van Cleave went head-on into a delivery wagon of Lucas' Grocery. He received a cut under one eye. One of the automobiles slid its rear tire for forty or fifty feet to avoid a collision with the other machine.

SCHOOL CHILDREN CONTRIBUTE TO FUND

Contributions have been made by the various schools of Santa Ana toward aiding flood sufferers. The Roosevelt and high school funds are not yet complete. Other contributions by schools here are: Lincoln, \$6.50; Jefferson, \$8.65; Washington, \$2.49; Spurgeon, \$10.13; McKinley, \$5.58.

AMUSEMENTS

Edwin August at the Grand Tonight
Edwin August, a former Biograph star, will appear at the Grand Opera House tonight, giving a brilliant and entertaining account of how the pictures, in which he figures, are made.

Mr. August is the most noted moving picture actor in the world. Going from the Edison Company to the Biograph players, he has played leads for the last two years, appearing in important roles in "The Golden Slipper," "The Smile of a Child," "His Lesson," "The Revenue Man and the Girl," "The Eternal Mother," "A Blot in the Escutcheon," "A Country Cupid," "Simple Charity," "Conscience," "A Wreath of Orange Blossoms," "The School Teacher," "The Yaff," "The Trail of Books," and "Madam Rex."

The legitimate stage experience of Mr. August has fitted him admirably for the pictures, as he was with Otis Skinner for two years and with Mrs. Leslie Carter, and in the revival of "Shore Acres." He was in the original production of "Going Some" and in various stock companies, notably with Belasco in Los Angeles, Studebaker in Chicago, and with Melbourne MacDowell, in St. Louis. He was a member of the Brady Company in "Way Down East" for two years, playing leads one season and heavy the next.

Big Trained Animal Circus at the Bell Theater

This is the circus season, and the weather is ripe for red lemonade, peanuts and all of the trimmings that go to make the circus a big success. Manager Roberts' plan is to have all of his attractions in season and not after something like it has been here. This week, tonight, Saturday and Sunday nights, will be seen, with the regular new picture program, Prof. Sanders' big mixed group of trained goats, dogs and monkeys, and a more wonderful exhibition of such animal training has never been seen in Santa Ana. The posing dog, "Teddy," a snow white Scotch greyhound, in living pictures, wins well deserved applause, while "Freckles," the ever mischievous monkey, is a long laugh for every one. Tonight the Pathe Weekly is on, and new pictures for Saturday and Sunday at the Bell.

HUMBER TUNNEL FAVORED

HULL, Eng., April 11.—At a meeting at Hull a resolution was passed in support of a scheme proposed by a syndicate of London commercial men to tunnel the Humber as a shorter route, via Grimsby, to London.

HUMBLE CLERK WEDS \$15,000.00 WIDOW

NEW YORK, April 11.—W. H. Downey, a clerk in a general store at the little town of Brockville, Ontario, yesterday became master of \$15,000,000 through his marriage to Mrs. Graham E. Babcock, a widow, former society leader in Pasadena, Cal., and St. Louis. The wedding took place at Mrs. Babcock's beautiful country home at Penafly, N. J.

HOG PRICES AT NEW HIGH

NEW YORK, April 11.—Last week's average price of hogs at Chicago was \$9.15, the highest since July, 1910, when new records were made. The week before last hogs sold at \$8.95, compared with \$7.75 a year ago, \$6.60 two years ago, and \$10.90 in 1910. Cattle, sheep and lambs all declined slightly from previous week, but are still nearly \$1 higher than in corresponding week of 1912.

BERKELEY GETS TIDE LAND

SAN FRANCISCO, April 11.—The assembly has passed the bill granting Berkeley the tidelands on the bay shore, with the provision that the city spend \$50,000 in improvements within five years. The vote was 58 to 6 in favor of the bill.

WORK ON LINE TO BEGIN SOON

Orange Right-of-Way Committee Makes Final Settlement
With Laundry

ORANGE, April 11.—People of this city are rejoicing over the probability that the time for the beginning of the building of the electric line to Orange is not far distant. Yesterday the right-of-way committee paid \$250 to the local laundry company for a strip fronting on La Veta avenue. That completes the transactions that are up to the committee. The Pacific Electric has already filed suit against Dr. J. R. Medlock for a right-of-way across his Main street walnut orchard, and when that matter is settled work of construction may be begun at once. Dr. Medlock has employed Attorneys Williams & Rutan to represent him in the condemnation proceedings.

A SPLENDID OPPORTUNITY

—The Young Woman's Foreign Missionary Society of the First Methodist Church will have on sale next Saturday at Hill & Blauer's Grocery, 208 W. Fourth street, a large assortment of work aprons, small household articles, home made cakes, pies, cookies and meat loaves.

Every article first-class and well worth your attention.

You had better come and get yours. Daily express shipments of new novelties keep this department right up in style. Take elevator to Millinery Dept. at Gilbert's.

Special prices on Corsets Saturday at Mrs. Cavins, 408 North Main St.

::: Tustin Correspondence :::

PERSONALS

Misses Louise Long and Ethel Doherty (in response to an invitation from friends in Los Angeles) went up to the city to hear Olga Steeb, the pianist, Thursday night. Miss Doherty will return Friday morning, but Miss Long will remain to hear the Russian pianist, Lhevine, Friday afternoon.

Miss Clara Macomber will spend a week's spring vacation at home.

Rev. R. B. Shannon, Mr. and Mrs. Brown and Mr. and Mrs. Shatto are in Los Angeles attending the Advent Christian Church conference.

Mr. and Mrs. Hugh McDonald and family spent the day last Sunday at San Juan Hot Springs.

Mr. and Mrs. John Kenline from Bellflower came down to spend the day Thursday with Mr. and Mrs. C. O. Artz.

Mr. Ely Byers and Mrs. C. O. Artz and children are spending the day with Mr. and Mrs. D. N. Kelly in Santa Ana.

Miss Esther Gowdy came down from school at Los Angeles to spend Sunday and Monday at home.

Gus Ahlstrom from Coalinga, Cal., was the guest of Fred Currier last Monday.

Mr. John Dryer spent Wednesday and Thursday with his daughter, Mrs. Fred Foster, at Pomona, returning by way of Los Angeles.

Mrs. Arthur Gaines of Los Angeles is visiting Mrs. E. W. Blew.

Mr. Adam Riehl and son, Harry Riehl, with their friends, Messrs. Moore, De Long and John Dryer, took an auto trip to Newport Beach last Tuesday and enjoyed the day fishing.

Mr. and Mrs. Geo. Prather, Mrs. L. H. Feindelsen and Mrs. John Holt went over to attend the meeting of the Torosa Rebekah lodge last Wednesday night.

Mrs. Prouse of Oatdale, Cal., is visiting her sister, Mrs. Barden.

Mrs. B. F. Nimmo spent the day in Los Angeles Thursday.

Santa Ana Painless Dentists, 102½ East Fourth St. Main 253.

The Tustin Boys' Patrol

The Tustin Boys' Patrol held their second monthly business meeting at the home of W. A. Jones Friday evening, April 4. After the camp-fire supper was served a baseball nine was organized with Gene Wilkins as captain. As a special stunt the boys aided in bailing out a flooded cellar and it was done in the true Boy Scout spirit.

One of the Tustin boys, Russell Hardcastle, who is a graduate of the Tustin school and now a student in the manual training department of the Santa Ana High School, has just finished a beautiful library table in connection with his school work. The workmanship seems to be of unusual merit and the table would do credit to a much older workman. It is made of Oregon pine and the finishing has beautifully brought out the fine grain of the wood.

Whenever the boys accomplish a good work like this their friends should let it be known as nothing gives their former teachers more pleasure than to know of their achievements.

C. E. Officers Visit Tustin

Paul C. Brown, state secretary of the Christian Endeavor Society, was at the Presbyterian church last Monday afternoon to speak about the plans for the coming great International Christian Endeavor Convention to be held in Los Angeles July 9 to 14. Howard Gates, county president, also spoke Monday afternoon. They are endeavoring to get as large a delegation as possible to go from Orange county. A hotel will be reserved for their entertainment. This International convention is held every two years and this meeting will be very educational for all the Endeavorers. One feature of the convention will be the presence of Dr. Clark, the founder of Christian Endeavor.

Called East

Rev. E. W. Blew was suddenly called to go east to Muncie, Indiana, this week on account of the death of his stepfather, taking with him his little daughter Margaret. Mr. Blew will probably return in two or three weeks and bring his mother for a visit to California.

To the Athletic Club Members

All the members of the Athletic club are urged to come to the hall Friday night. A new mock trial will be started and there will be a discussion of new rules.

Names of Contributors to Relief Fund

The names of those persons in Tustin contributing to the fund for the relief of the flood sufferers in the east which have not yet been mentioned are as follows:

David Hewes	\$100.00
For Mrs. David Hewes	100.00
A Friend	2.00
A Friend	1.00
E. W. Blew	3.00
A Friend	1.00

CHURCH NOTICES

The regular services will be held at the Presbyterian church next Sunday. Rev. Mr. Fields of Santa Ana will preach in the morning at 11 o'clock in the absence of Mr. Blew.

Christian Endeavor service at 6:30 and stereopticon lecture on "The Holy Land" at 7:30.

Regular services at the Advent Christian church next Sunday.

Pains in the Stomach

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Buy 5c and 25c. Recommended by all druggists.—Advertisement.

SOCIETY AND CLUBS

Mission Study Class

The business meeting of the Women's Bureau Bible class was held Wednesday afternoon at the Presbyterian church, followed by the organization of a Mission Study class and later by a much enjoyed social hour.

The meeting was opened by devotional exercises consisting of a scripture reading by Mrs. John Dryer, prayer and singing by the class.

The minutes of the very important previous meeting held with Mrs. Taylor were read followed by reports of the various committees. The new officers have taken up their work for the coming year. From all indications the interest of the class is growing and it is hoped that a good work will be accomplished. The new work of caring for the Home Department Sunday School was reported as already begun by Mrs. Marshall and Mrs. Eells.

Another important new work to be taken up by the class was the organization of a Mission Study class, and at this juncture the number of ladies present was added to by several members of the missionary society coming in.

The Mission Study class was then organized with an enrollment of fifteen. A discussion of best methods of conducting the class was followed by reading the foreword of the textbook, "China's New Day." The first lesson was assigned and each member was given a subject to study for the next meeting. All these women are entering upon this study very enthusiastically, as they feel that there is no more interesting subject for study before them today than the changes going on in China.

To introduce the social hour a very pretty song was sung by Miss Mabel Logan.

Sometime ago it was found that a certain member of the Bible class could tell of a very interesting experience in a trip to California in the year 1868 and she consented to write it and have it read to the class. It was then read at the meeting Wednesday afternoon and the story was listened to with such attention and pronounced so very good that there was great applause at the close and a rising vote to have it printed in the paper. The author's consent to do this has not been gained as yet, but may be later on.

The ladies were then served with ice cream and cake, which they seemed to enjoy to the fullest extent, the hostesses of the afternoon being Mrs. John Dryer, Mrs. R. L. Whiting, Mrs. Emma Colgan and Miss F. Stone.

Stereopticon Lectures

A course of stereopticon lectures will be given at the Presbyterian church every night next week beginning Sunday night, the one for that night being on the Holy Land. C. W. Guthrie of Los Angeles will deliver the lectures and he has on his list of subjects Europe, Asia Minor, Palestine, Egypt, Babylonia, India, Philippines, China and Japan. A silver offering will be taken at each lecture.

Tustin Literature Section

The Tustin Literature Section will meet with Mrs. Belding, Seventeenth and Prospect avenue, next Tuesday afternoon.

W. C. T. U. County Convention

The members of the Tustin W. C. T. U. and others who may wish to go are invited to attend the W. C. T. U. County Convention to be held next Thursday, April 17th, at El Modena, and Friday, the 18th, at Villa Park. A very interesting program has been arranged. The state president and public speakers from Los Angeles and other places will be there.

Tustin "Y"

The Tustin "Y" will meet next Tuesday night at the home of Mrs. W. L. Shatto. All the members are urged to attend as the program for the year will be arranged.

Tustin Twelve

The meeting of the Tustin Twelve was held Tuesday afternoon with Mrs. Chas. Johnson and with Mrs. Johnson as hostess an unusual treat is in store because of her musical talent and because her songs are always ready and right up to the times. Then again she has a specially beautiful, sweet-toned piano. Mrs. Arthur Hoefler also entertained the company with choice music.

The house was decorated with pink roses throughout the rooms. Ragged Robins were the decorations for the dining room and red rose petals were scattered over the snowy linen on the table.

Two kinds of sandwiches, meat loaf and pumpkin pie were served with accessories.

The members of the club present with the hostess were Mesdames J. S. House, J. C. Stearns, Albert Fuller, Fred Poole, B. F. Nimmo, Ellis Smith, E. J. Cranston, Geo. Pollard, Chas. Artz, Arthur Hoefler. Guests of the club were Mrs. L. A. Mayfield, Mrs. Frank Palmer, Mrs. MacPurdum, Mrs. Frank Hoffman.

Embroidery Club

The meeting of the Richardson Embroidery club was held Thursday afternoon with Mrs. Hardcastle.

Those present were Mesdames Wahlenburg, Lawrence, Sharp, Noe, Currier, Weisselgel and Miss Lena Wahlenburg. The ladies from Orange were Mesdames Bryant and Peterkin, daughter Thelma, and Miss Livingston. The afternoon was spent with fancy work and music by Miss Wahlenburg very pleasantly until almost time for going home, when one of the ladies received word that a little child left at home had broken his arm, when, of course she hurried home with many offers of help and sympathy from her friends.

The meeting adjourned to meet in two weeks with Mrs. Currier.

Meeting of Tustin W. C. T. U.

A large number of ladies gathered at the home of the president Mrs. A. L. Shatto, to study one of the most vital subjects in the work of the W. C. T. U., that of anti-narcotics.

The meeting was opened by singing "The White Ribbon" and another

temperance song to the tune of "Marching Through Georgia."

Mrs. A. L. Shatto conducted the devotionals in her usual helpful manner, choosing for scripture reading the 24th chapter of Proverbs and closing with an earnest prayer.

After roll call and pledge recital, the new secretary, Mrs. Kate Ebel read the minutes of the previous meeting and was commended for her good work.

Delegates were chosen for the county convention of the W. C. T. U. which is to be held at El Modena and Villa Park on the 17th and 18th of this month. Several of the ladies by virtue of their county offices are delegates from Tustin and in addition Mrs. Ellis Smith and Mrs. M. C. Pollard were chosen, Mrs. C. E. Utt and Miss Stone as alternates.

Mrs. Pollard read an interesting paper telling what anti-narcotics meant and the harm that comes from the use of these drugs. Also of the poison that lurks in the tobacco so frequently used, of the bad effects it produces on the nervous system and the heart's action. Mrs. J. C. Stearns read an article on opium and gave an account of a personal acquaintance with one addicted to the habit. Mrs. L. A. Cock read an article on coca cola and also gave reminiscences of her girlhood days with an opium habit. Mrs. Ellis Smith read an article on tea.

The subject for consideration—Anti-Narcotics under the efficient leadership of Mrs. M. C. Pollard, was made very interesting as was evidenced by the lively discussions that followed the different readings.

Mrs. M. C. Pollard read an article on the cigarette, telling poison that lurks in its use and of the effects upon the minds of students.

Mrs. Kate Ebel gave some thrilling statistics as to the number of cigarettes used in the United States in one year were strung on a wire they would reach from the earth to the moon and back again and encircle the earth one and a half times.

Mrs. J. C. Stearns sang sweetly "Only a Glass." The ladies sang "Jesus, Savior, Pilot Me," in closing and thus another of these helpful meetings ended.

The Union will meet with Mrs. Ebel in two weeks.

"Down and Out for Six Years"

When I came to the Vito Neuvo Medical Company I was all down and out in most every way, had been treated for six years, with not much permanent relief, my kidneys out of order, torpid liver, weak heart, bad circulation, eyes very weak, brain tired, spinal trouble, skin dry, and very nervous. After ten days' treatment I feel better in many respects. The pains have left my breast, my liver seems to act good, my skin is more moist, my circulation is better, my heart does not give me much trouble now, I sleep better, I feel stronger and can strongly recommend the treatment to all my friends. T. J. Donham, 1319 N. Spurgeon St., Santa Ana, Calif.

Be the Whistle, Not the Echo--Be the Shepherd, Not the Sheep, And "Wear a Benjamin" Suit-\$20 and Upward

The whistle "invokes"—the echo imitates. The shepherd leads—the sheep follow. In a "Benjamin" Sack Suit for spring you will lead your set or circle in good taste, in conformity to the correct style.

Beware of clothes that are too cheap. A mechanical toy bought from a corner huckster seems cheap, but when it snaps after one winding, its dear.

A "BENJAMIN" SUIT is neither cheap-cost nor steep-cost, but right-cost for right quality, right style and right wear. You can own a "Benjamin" signed by the author as any work of art should be.

LET US SHOW YOU SOME OF
SPRING "BENJAMIN" SUITS.

U.S. SURGEON WILL WAR ON GRIM FEVER

Goes to Montana to Fight Almost Deadliest Disease Costing Fellow Surgeon's Life

NEW YORK, April 11.—Dr. Lunsford D. Fricks, government surgeon, has gone to Montana to carry on the fight against the deadly spotted fever that has already cost the life of one physician, Dr. T. B. McClintic.

Mrs. Fricks, bravely refusing to desert her husband, has accompanied him with their child to the Bitter Root valley of Montana, where, at Victor, they will make their headquarters.

STRIKEBREAKER JUMPS INTO SUBWAY; CAUGHT

NEW YORK, April 11.—John Rizzoli, strikebreaker, trying to escape a mob of 500 strikers into which he had shot, dropping a man whose life he was thought to have taken, tore into the downtown entrance of the subway at Spring street yesterday, cleared the third rail and was off in the inky darkness like a shot. A subway inspector seized a red lantern, started down the tracks, flagged an express behind him, and Rizzoli was caught.

It was found his victim had received only a flesh wound. Rizzoli would have been run down by the express if he had not been caught.

NEW JERSEY ADOPTS MOTHERS' PENSION BILL—SIGNED; LAW

TRENTON, April 11.—Indigent widows in New Jersey will be assisted in holding their families together by financial aid from the state under the "mothers' pension" bill which was approved by Governor Fielder yesterday.

40 SAN FRANCISCO BOYS TO TOUR WORLD

Started Yesterday on Globe-Trotting Expedition; Concerts and Athletic Stunts

SAN FRANCISCO, April 11.—Forty athletic San Francisco boys, members of the Columbia Boys' Club, left yesterday at 7 o'clock on a journey around the world. Five other lads will be selected from among members of boys' clubs in eastern cities, and under the leadership of Major Sydney S. Piexotto, founder of the local organization, the boys will invade Europe, Asia and Australia. They will be gone one year.

The party includes a full brass band. The boys, who range in age from 12 to 16 years, were the guests at a party given Wednesday night by Mayor Rolph and other city officials. The youthful globe-trotters were received today in Sacramento by Gov. Johnson and then left for Chicago, where they are scheduled to spend a week. Washington, Trenton, Newark, Boston and New York will be visited and on May 7 the youngsters will leave for Liverpool and London. An effort will be made while in Paris to introduce the game of baseball. Crossing over the Alps, Rome and Naples will be the objective points. Then the party will go through the Suez Canal for Australia, where four months will be spent. The China coast, the Philippine Islands, Japan and the Hawaiian Islands will be taken in on the way home.

Concerts will be given by the band in all the cities visited and the athletes will compete with the boys of other cities in track and field events and in football and baseball where these games are played.

LOEB IMPATIENT TO GIVE UP \$1,000 A MONTH POSITION

NEW YORK, April 11.—William Loeb, Jr., finds himself with one job too many. At present he is collector of the port of New York and vice president of the Guggenheim Exploration Company. For six weeks he has been trying earnestly to get rid of the collectorship. His term expired on March 9, but on March 1 he took up his work in the Guggenheim offices, having arranged to give a few hours each day to the work of the collector's office pending the appointment of his successor.

Now that a month has dragged along with no sign of action at Washington, Mr. Loeb is busily prodding the heads of the government with requests to hurry the appointment so that he may be free to attend to the work of his new position. His salary as collector is \$1000 a month. The salary of the new position is said to be about twice that amount.

Among the names suggested for the collectorship are those of ex-Mayor Sague of Poughkeepsie, John Purroy Mitchell, Raymond E. Fossyck and Richard. Parr.

Dressmaking at 615 Wellington Ave.

SOCIETY GIRL TO ENTER AUTO EVENT

Vivian Prescott of Philadelphia First Woman Competitor to Race in 500-Mile Event

PHILADELPHIA, April 11.—The only permission ever granted to a woman automobile driver to compete in the races at Indianapolis has been won by Miss Vivian Prescott, a young society girl of this city, the darling young driver who created a sensation at the Vanderbilt cup races by taking part in the death dealing course disguised as a mechanic and riding with Neil Whalen.

While barely out of her teens, Miss Prescott has received tuition in racing from Barney Oldfield, Whalen, Roberts and many of the well known drivers, and has a collection of trophies rarely equaled by the reckless professional drivers, which she has captured in amateur events on the Florida beach course.

She will be the first girl to ever compete in the big 500 mile event, which furnishes thrills for the most blasé drivers, and expects to bring the record to this city.

GOV. SULZER SIGNS FACTORY BILLS

ALBANY, April 11.—Bills for bettering factory conditions and increasing protection in trades were signed recently by Governor Sulzer. There were ten measures, all of which were recommended by the factory investigating commission. The provisions of some of the new laws are as follows:

Requiring the owners of factories to maintain sanitary quarters; authorizing the industrial board to make regulations for the ventilation of factories.

\$50,000 IN JEWELS WITH \$1500, VANISH

LONDON, April 11.—The Hon. Mrs. Charles Craven, widow of the late Hon. Charles Eric Craven, a brother of the earl of Craven, who married Cornelia Martin of New York, lost or has been robbed of jewels valued at \$50,000, as well as \$1500 in gold and notes.

The missing jewels include a Russian tiara, set with diamonds, a ruby and diamond necklace, a neck chain set with diamonds, diamond hairpins, two platinum and gold watches, a dog collar set with diamonds and two bows set with diamonds.

NEW HAMPSHIRE SOLON IS CLEARED OF BRIBE CHARGE

CONCORD, N. H., April 11.—No evidence supporting the charges of attempted bribery in the recent United States senatorial election was discovered by the special investigating committee which reported to the legislature yesterday.

A supplemental report by a majority of the house members of the committee set forth that the charges that Representative Clifford L. Snow of Manchester offered to sell his vote were sustained, and recommended his expulsion from the legislature.

The investigation which followed the election of Senator Hollis grew out of charges that Representative Snow offered to deliver five votes to one of the candidates for \$1000.

LINCOLN NATIONAL HIGHWAY BILL OFFERED TO CONGRESS

WASHINGTON, April 11.—A Lincoln memorial highway from Boston to San Francisco was proposed in a bill introduced yesterday by Representative Taylor, which would run through New York, Springfield, Ill., and Denver, and be controlled by a highway commission composed of the governors of all the states in the union.

Two-thirds of the cost would be paid by the states through which it would pass, and one-third by the federal government.

TRAFFIC IN BABIES AT \$2 UP, ACTIVE IN BOSTON

BOSTON, April 11.—An active traffic in babies at prices ranging from \$2 up is carried on in Boston, according to Mrs. Charlotte Smith, a social worker of this city, who appeared before the legislative committee on public health in support of a bill requiring the registration of midwives.

SOLONS GROAN OVER SUFFRAGE WARFARE

Pros and Antis Line Up for Bitter Struggle With Congressmen as Their Victims

WASHINGTON, April 11.—Women in the national capital are divided, like Gaul, into three parts, or parties—those who are fighting for woman suffrage, those who oppose it and those who don't care, and the two first named have lined up for a bitter struggle in the present session of congress. Officers and members of the National Woman's Suffrage association are bringing pressure to bear on Senators and representatives for consideration for suffrage legislation, while the national association opposed to woman suffrage is as earnestly striving to prevent any action.

"It's a delightful situation we find ourselves in," groaned a member of the house. "We're caught between the upper and the nether millstone, and some of us probably will come out as mighty kist—if we emerge from the ordeal at all."

While the suffragists are waging an active campaign under the dome of the Capitol, the anti-suffragists are making their drawing-rooms the principal field in their campaign for converts. A long series of receptions and home meetings has been arranged, and two public meetings also will be held this month.

SYRUP OF FIGS IS BEST FOR A CHILD

Cleanses Its Little Stomach, Torpid Liver and Constipated Bowels

Mother! look at the tongue! see it is coated. If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad; has stomachache, diarrhoea, sore throat, or is full of cold, it means the little one's stomach, liver and bowels are filled with poisons and clogged up waste and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours the foul, decaying, constipated matter, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well and smiling child shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

UNCLE SAM'S WAR SHIPS NOT READY FOR WAR SAYS CAPT. HOOD

WASHINGTON, April 11.—Not one of the thirty-one battleships and twenty-four destroyers that constituted the fighting force of 127 vessels which assembled for review in New York harbor last October was ready for war, Capt. John Hood, then captain of the dreadnought Delaware, the pennant ship of the fleet, told the Navy League yesterday at its session here.

Captain Hood, now a member of the navy general board, gave his views on a desirable naval policy.

LEADER OF SOLDIERS' HOME BAND IS DEAD

SOLDIERS' HOME, April 11.—Lieutenant Fred Elser, leader of the Home band since 1891, passed away at the hospital here yesterday, following an illness of several weeks. He was a native of Germany, 84 years of age, and had served six years in the German army. He came to the United States in 1852 and served in the civil war as lieutenant in the Sixteenth Illinois infantry. The deceased had resided with his family at Santa Monica for a number of years before entering the home and was well known at the beach.

BARRETT CONVICTED ON MANSLAUGHTER CHARGE

RIVERSIDE, April 11.—At 7:55 last evening the jury brought in a verdict of manslaughter in the trial of Egbert J. Barrett.

Barrett, a former police officer, has been on trial for the last three days for the slaying of John Baird, chief of police. He is to be sentenced Saturday at 11:30 o'clock.

Dr. Pearl B. Magill, osteopathic physician, Rooms 1 and 2 Rowley Building, Pacific 956W.

SQUEALER WEIGHING 670 POUNDS SQUEALS A FAREWELL SQUEAL

Pigs grow big in Trabuco. County Assessor James Sleeper today got a check for \$218.30 from the Plaza Meat Market of Orange in payment for an even dozen porkers delivered to the Orange market man from Sleeper's ranch in the Trabuco canyon.

Eleven of the dozen pigs were only ordinary sized pigs, but the twelfth was a feast for a multitude. He weighed exactly 670 pounds. "Pigs is pigs," but this pig was a real grown-up hog. The porker was two years old.

1913 DEEP SEA IS GREATEST I FIFTY YEARS, SAY LLOYDS

NEW YORK, April 11.—A report of Lloyds of London, just issued, declares that the loss to deep-sea shipping alone during the first three months of 1913 has been the heaviest in fifty years, and that the total probably will exceed \$7,000,000. This does not include loss to coast shipping of the United States which has suffered a loss of many millions.

VETERANS ARE TO VISIT BATTLEFIELD

ANAHEIM, April 11.—Capt. Louis Williams and P. R. Donahue are making preparations for a visit to Gettysburg in July on the occasion of the fiftieth anniversary of that historic battle. Mr. Donahue fought under Mead at that struggle, while Capt. Williams was with Sheridan in the Shenandoah Valley. Rev. A. B. Markle, retired minister of this city, also states that it is his intention to visit the old battlefield, and a delegation of Grand Army veterans will doubtless accompany these distinguished visitors on their trip.

Charles H. Emery, a prominent business man of Eastport, Me., who has been in this city and adjacent territory looking after property that he owns northeast of Anaheim, started for his home yesterday. The soil, abundance of water and freedom from serious frost injury of this section particularly appeals to Mr. Emery, and he will purchase other acreage here.

CABLE TELLS FRIENDS OF ISLAND WEDDING

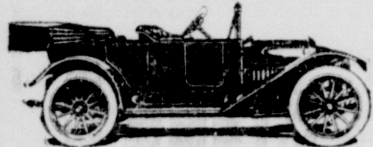

Orange News: The marriage of Miss Blanche Shoemaker and Captain Harry G. Upham took place yesterday morning in the Philippine Islands. Friends of the couple were apprised of the event by a cable from Capt. Upham to his mother, Mrs. G. D. Toothaker, in this city. The message read as follows: "Married. Harry." Miss Shoemaker left Orange March 15th for the trip across the Pacific. The news that she has reached her destination safely will be received with pleasure by her friends in this city, who will also join in wishing the newly-married couple all happiness and success.

Miss Shoemaker formerly taught school both in Orange and Santa Ana. She owns a host of friends, who admire both her talent and her charming personality. The groom is also well known and well liked here. He has been in the military service for some years and is a captain in the island constabulary. Their romance began here last summer while Capt. Upham was home on a furlough. Manila will be their home.

Smith practical horseshoer, 407 No. Birch St. Driving horses a specialty.

SURELY BANISHES CATARRH

Where there's catarrh there's thousands of catarrh germs. You can't get rid of catarrh unless you kill these germs.

You can't kill them with stomach medicine or sprays because they can't get where germs are.

You can kill these germs with Booth's HYOMEL, a penetrating, antiseptic, balsamic air that you breathe a few times a day directly over the raw, sore, germ infested membrane. It does not contain morphine or any habit forming drug.

For catarrh, croup, coughs, and colds, HYOMEL is sold on money back plan by Rowley Drug Co. Complete outfit, \$1.00. Extra bottles of Booth's HYOMEL if afterwards needed, 50 cents. Just breathe it—no stomach dosing.

MAST OF THE MAINE IS TO MARK GRAVES OF MARTYRS

WASHINGTON, April 11.—The mast of the old battleship Maine, now in Arlington National cemetery, will be raised as a shaft to mark that section of the national burying ground in which repose the bones of the victims of the disaster who went down with the ship in Havana harbor. These were interred with impressive honors about a year ago.

NOTICE INVITING BIDS

Santa Ana, Cal., April 2, 1913. In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted April 2, 1913, directing this Notice, notice is hereby given that the said Board will receive at its office at the Court House at Santa Ana, at or before the hour of 11 o'clock a. m. of April 15th, 1913, sealed bids or proposals for constructing a combination Highway Bridge 280.3 feet long across the Santa Ana River, three miles easterly from Huntington Beach.

Bids must be made on the form provided for the purpose, addressed to the Board of Supervisors, Orange County, Cal., and marked "Bid for Myers Road Bridge."

The bid must further conform to the requirements of the "Instructions to Bidders" on file in said office.

The said work must be done in strict conformity with plans and specifications heretofore adopted by the Board of Supervisors, which said plans and specifications were adopted by the Board of Supervisors of said County on April 2, 1913, and are on file in the office of said Board.

Reference is hereby made to the said plans and specifications for full particulars and descriptions of the said work. Copies will be furnished intending bidders upon application to the County Surveyor of said County.

Each bidder must submit with his proposal a satisfactory bond or check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than ten (10) per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him.

The amount of the bond to be given to secure a faithful performance of the contract for said work shall be 25 per cent of the contract price thereof, and an additional bond in an amount equal to 50 per cent of the contract price for the said work shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work contracted to be done by the Contractor or any work or labor of any kind done thereon.

The Board of Supervisors reserves the right to reject any and all bids. By order of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS, County Clerk.

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

The regular annual meeting of the stockholders of the ORANGE COUNTY SAVINGS AND TRUST COMPANY will be held in the banking rooms of said corporation at 116-118 West Fourth Street, Santa Ana, Orange County, California, on Monday, the fourteenth day of April, 1913, at 8:30 o'clock a. m. for the purpose of electing a Board of Directors to serve for the ensuing year, and the transaction of such other business as may come before the meeting.

Every stockholder is requested to be present in person or by proxy. ORANGE COUNTY SAVINGS AND TRUST COMPANY.

By F. W. Winslow, Secretary.

CHARLES H. TREAT, Secretary.

CONCRETE POLE DID NOT MEET THE TEST

Anaheim Gazette: W. J. Orr left on Monday evening for Fresno, where he goes to take a position with a lighting and power company as superintendent of a field division in the erection of poles and stringing wires. This is Mr. Orr's old job. It was while tramping over mountains, setting up wooden poles, and then after years retracing his steps, taking out old poles and replacing them with new ones, that the idea of concrete poles first suggested itself to him. He came here two years ago, organized a company for manufacturing sectional concrete poles, and some weeks ago gave a test of poles to representatives of several electric power companies. The test was a severe one, and the poles failed to respond to the weight placed upon them. Mr. Orr is firm in the opinion that concrete poles will eventually come into their own. He goes north to resume his old position, but intends returning to Anaheim from time to time, and may yet take up the work of manufacturing concrete poles.

The concrete pole company has expended a large amount of money in preparing for construction of these poles, and has now under consideration proposals from another manufacturing company to take over its plant in this city.

Mr. Orr's many friends here are convinced that he is theoretically correct regarding concrete poles, and they hope to see him and the company win despite recent adverse circumstances.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

LOS ANGELES PRODUCE MARKET

A fair shipment of fancy yellow sweet potatoes, which have been rather scarce recently, was received yesterday and brought \$3.25 to \$3.50 a sack. White sweets are still quoted around \$2.50 to \$3 a sack, and the market is firm with an upward tendency. Supplies have been very good this season, however. There was considerable activity in the dried bean market, as large receipts were recorded. Lady Washingtons also sold rapidly for future delivery on the Produce Exchange at \$4.55 a sack. The market appeared generally to be a little easier. The advancing season probably caused producers to release some of their holdings. Recent rains have given the bean industry a promising outlook for next season. Good asparagus was firmer, some very fine appearing Imperial valley stock was quoted around 7 cents a pound. "Grass" less excellent in quality commanded a price of about 5 cents a pound. The supply did not appear to be as good as usual. There was a limited amount of white asparagus at 5 to 6 cents a pound. The potato market continues easy. A car or so of Imperial onions was in, and they fell off about 25 cents a crate. The market was very well supplied in afternoon. Onions were in good supply yesterday. Some large fancy fruit brought around 11 to 12 cents a pound. Choice fruit which is not of very good quality sold at about 5 to 6 cents. Apple receipts were fair. An easy market with an active demand prevails. Bananas are steady.

The demand for local ranch eggs was good at the Exchange, but the market continued just about steady. Butter was strong, but there was no change in price. Cheese seems still to be easy.

Reported receipts were: Eggs, 604 cases; butter, 35,653 pounds; cheese, 993 pounds; potatoes, 757 sacks; beans 2307 sacks; sweet potatoes, 37 sacks; apples 906 boxes.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate of Detlef H. Haffner, deceased.

Notice is hereby given that Friday, the 11th day of April, 1913, at 10 o'clock a. m. of said day, the Court Room of the Superior Court of the County of Santa Ana, California, has been appointed as the time and place for the hearing of the application of H. P. Rutherford praying that a document now on file in this Court, purporting to be the last will and testament of the said deceased, be admitted to probate, that letters of administration with the will annexed be issued thereon to said H. P. Rutherford, and that the time and place at which persons interested therein may appear and contest the same.

Dated March 27th, 1913.

W. B. WILLIAMS, County Clerk.

NOTICE OF PUBLIC SALE OF REAL ESTATE

In the Superior Court of the State of California, in and for the County of Los Angeles.

In the Matter of the Estate of William A. Knights, deceased.

Notice is hereby given that in accordance with an order of the Superior Court of the State of California, in and for the County of Los Angeles, made on the 7th day of April, 1913, in the matter of the Estate of William A. Knights, deceased, the undersigned executrix of the said estate, will sell at private sale the following described property situated in the County of Orange, State of California, to-wit:

All of lots numbered one (1) and two (2) in Block Number Sixteen of Dawson and Cummings Addition to the town of Santa Ana, said addition being a part of the Jacob Ross Tract, to the said town of Santa Ana, as per map of said tract and additions now on record in the office of the Recorder of Orange County, California.

The sale will be made on or after the 28th day of April, 1913, and bids will be received at the office of I. R. Rubin, Rooms 401-2, Citizens National Bank Building, Los Angeles, Cal. The terms of the sale are cash on confirmation of the sale by the Court.

Dated April 7, 1913.

MARY E. KNIGHTS, Executrix of the Estate of William A. Knights, deceased.

I. R. RUBIN, 401-2, Citizens National Bank Building, Los Angeles, California, Attorney for Executrix.

NOTICE TO CREDITORS

Estate of William W. Morrison, deceased. Notice is hereby given to the designated Executrix of the Last Will and Testament of William W. Morrison, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 4th day of April, 1913), to the said Executrix at the office of W. H. Thomas, 401-2, Citizens National Bank Building, Los Angeles, Cal. The terms of the sale are cash on confirmation of the sale by the Court.

Dated this 4th day of April, A. D. 1913.

CLEMENCE D. MORRISON, Executrix of Said Estate.

The old-fashioned smoked hams and bacon that you remember were always kept in the whole piece and used as required.

SULZBERGER'S Majestic Hams and Bacon

are cured and smoked in the *good old-fashioned way*. They are patiently brought to perfection over a slow fire of hickory wood. The delicious flavor goes through and through the meat, giving it a tender excellence and the old-time taste that makes a perfect meal.

Tell your dealer to send you the whole Majestic Ham or the whole strip of Majestic Bacon today. You will know it by the Majestic label.

Every piece U. S. Inspected and Passed.

Sulzberger & Sons Company
U. S. A.

"Always Air"

ALWAYS AIR is a fluid compound, a small quantity of which, when placed in the inner tube of a pneumatic tire will instantly, automatically and permanently stop all punctures from the smallest to the size of a 20 penny spike.

IT IS NOT A TIRE FILLER

It is not only inexpensive but adds 50 per cent. to the service of tires. It will not injure rubber. It is not affected in its operation by heat or cold. It will not harden, gum, dry up or deteriorate. It will not stick the inner tube to the casing. It cannot come into contact with the casing. It can be changed from one tube to another. It will last for years. It adds practically no weight to the tire (only about three pounds to the largest tire.) It fills only a small portion of the inner tube, and the pneumatic quality of the tire is retained.

After picking up a nail in the road, you will always run at least a block and generally a much longer distance on a flat tire. This shortens the life of the casing at least 50 per cent, sometimes ruins it immediately. After having tires treated with our fluid you may remove nails at once or never remove them, and in either case there is no leakage of air.

MINISTER IS IN HOSPITAL

Fullerton Pastor Undergoes
Operation—Suffered Long
in Silence

FULLERTON, April 11.—Rev. Jackson, pastor of the Methodist Episcopal Church at Fullerton, is in a hospital in Los Angeles, where a surgical operation was performed in the hope of relief from serious internal disorders, from which he has been suffering for some time. Dr. Jackson has borne his pain so quietly that very few were aware of his condition, which is said to be quite serious. Under the most favorable conditions to be expected the doctors say it will be five or six weeks before Mr. Jackson can return to his work as pastor here.

Page Bros. have sold their fifteen acres to Edwin Bayha of Yorba. They leave July 1 for Conejo Valley, where A. L. Page goes to take charge of 5000 acres recently purchased by the Japs Investment Company of Los Angeles. A. L. Hughes of Coalinga will take charge of collections and orders for the Yorba Linda Water Company; E. R. West will have the pipe-repairing department.

Chas. Hart, resident foreman of the Jasmine Citrus lands in Kern County, is in La Habra superintending the removal of several thousand Valencia and navel trees from the Stephens ranch to the company's lands near Delano.

An addition to the Masonic block, in rear of the present building, is being constructed for the Masonic Building Company. The new structure is to be 50x50 feet in dimensions, two stories high. The upper story will be leased for headquarters of the Fullerton Club, and it is understood that business rooms on the ground floor are to be occupied by a new grocery firm.

Departures from Fullerton this week for eastern points include J. C. Jacoby, whose destination is Dallas, Ill.; Mr. and Mrs. R. A. Nichols, Denver; L. E. Dickson, Savannah, Mo.; G. W. Taylor, Omaha, Neb.; Harold Rawlings and Worley Wilson, Broken Arrow, Okla.

Amerige Bros. have the work started on a brick store building of fifty feet frontage on North Spadra street between the Masonic Hall and the new building of George B. Key, now in course of construction. The store has been leased to J. M. Clever & Co., who will occupy it as headquarters for their feed and transfer business.

H. A. Schriener, local manager for the Globe Milling Company of Los Angeles, and Miss Emma Salverson, well known residents of Fullerton, were married yesterday.

JAPS DONATE \$50 TO FUND

Smeltzer Association of Little
Brown Men Aid the
Flood Sufferers

HUNTINGTON BEACH, April 11.—The Japanese Association of Smeltzer—three miles from this city—has donated through the Huntington Beach News \$50 for the flood sufferers in Ohio. The money was forwarded today to Gov. Cox of Ohio. The Japanese colony here, which works in the celery and beet fields, numbers about 500 persons, and is known as a law-abiding and industrious class of people.

Among realty sales here this week was one of thirty acres of land lying five miles north of Huntington Beach from G. B. Bodwell of Los Angeles to John L. Gail of this city for \$12,000. At \$400 an acre the land is considered good value. The sale was made through the agency of Seely & Lavering of this city.

Coughs and Consumption
Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by all druggists.—Advertisement.
